Dear Ms. Jones:

On July 22, 2021, the Commission determined the amount of Power Cost Equalization (PCE) to be 00.00 cents/kWh, for bills rendered on or after July 1, 2021.¹ On August 3, 2021, the Commission clarified that the PCE amount of 00.00 cents/kWh established in Order U-21-019(3) was effective July 1, 2021, for the first billing period of FY2022.² On August 5, 2021, the Commission approved updated PCE amount(s) in the amount of 00.00 cents/kWh, effective for bills rendered on or after August 6, 2021.³ On August 17, 2021, the Commission vacated Orders U-21-019(3) and U-21-019(4), with the intention these orders will no longer be relied on in rendering customer bills.⁴ Specific to non-regulated participating electric utilities with Letter Orders issued after July 22, 2021, the utility should use the amount before the 100% reduction.

Accordingly, Commission Staff (Staff) recalculated, and the Commission approved the following PCE amount(s) that would have been in effect on August 6, 2021 had the 100 percent reduction not occurred:

All

36.77¢

¹ U-21-019(3), *Order Reopening Docket and Reducing Power Cost Equalization Amount*, dated July 22, 2021.

² U-21-019(4), *Order Clarifying Power Cost Equalization Amounts*, dated August 3, 2021.

³ PC67-0417H, approved in Letter Order L2100258, dated August 6, 2021.

⁴ U-21-019(5), *Order Granting Petition for Reconsideration, Restoring Power Cost Equalization Base Amount by Vacating Order U-21-019(3) and Order U-21-019(4), Allowing Deviation From Tariffs and Closing Docket*, dated August 17, 2021.

A copy of Staff's calculation is attached as an Appendix. If you have any questions regarding the calculation of PCE amount(s), please contact Brenda Cox at (907) 263-2131.

BY DIRECTION OF THE COMMISSION

Sincerely,

REGULATORY COMMISSION OF ALASKA
